Speaking of Books

Speaking of Books will meet July 25 at 4 pm to discuss *Life, Animated* by Ron Suskind.

Imagine being trapped inside a Disney movie and having to learn about life mostly from animated characters dancing across a screen of color.

A fantasy? A nightmare? This is the real-life story of Owen Suskind, the son of the Pulitzer Prize-winning journalist Ron Suskind and his wife, Cornelia. An autistic boy who couldn't speak for years, Owen memorized dozens of Disney movies, turned them into a language to express love and loss, kinship, brotherhood.

The family was forced to become animated characters, communicating with him in Disney dialogue and song; until they all emerge, together, revealing how, in darkness, we all literally need stories to survive.

A child disappeared into confusion, frustration, and silence. But deep inside his dark cave of isolation, he and his family began to dig for diamonds, working year by year, trial by trial, on a most improbable project: to find a way each of us can learn to animate our lives.

And live our most fervent dreams, whatever unexpected shape they take. -Amazon

Cover2Cover

July 18 at 1:30. This month's title: *The Memory of Old Jack* by Wendell Berry.

In a rural Kentucky river town, "Old Jack" Beechum, a retired farmer, sees his life again through the shades of one burnished day in September 1952. Bringing the earthiness of America's past to mind, *The Memory of Old Jack* conveys the truth and integrity of the land and the people who live from it. Through the eyes of one man can be seen the values Americans strive to recapture as we arrive at the next century. —Amazon

Fiction Addiction

The Fiction Addiction Teen Book Club is on break for the summer! We'll see you in September to discuss *Uprooted* by Naomi Novik!

Agnieszka loves her valley home, her quiet village, the forests and the bright shining river. But the corrupted Wood stands on the border, full of malevolent power, and its shadow lies over her life.

Her people rely on the cold, driven wizard known only as the Dragon to keep its powers at bay. But he demands a terrible price for his help: one young woman handed over to serve him for ten years, a fate almost as terrible as falling to the Wood.

The next choosing is fast approaching, and Agnieszka is afraid. She knows—everyone knows—that the Dragon will take Kasia: beautiful, graceful, brave Kasia, all the things Agnieszka isn't, and her dearest friend in the world. And there is no way to save her.

But Agnieszka fears the wrong things. For when the Dragon comes, it is not Kasia he will choose. —Amazon
