HAPPY FATHER'S DAY

Are you trying to keep that New Year's resolution to get fit?

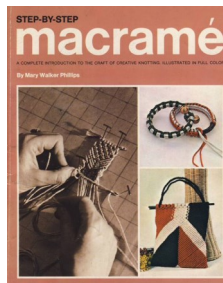

If you bike to the library, you will contribute to your health, and your community's health, by reducing greenhouse gases. If your bike is dusty and rusty, hook your wheels to the bike rack out front, meander in and browse our shelves or online services for how to repairs.

For example, surface rust on rims, spokes, kickstand or handlebars are magically eliminated, scratch free, with stainless steel scrubbing pads. Your wheels will sparkle like your eyes after a ride on the rail trail!

For more bike repair tips, check out *The Bicycling guide to complete bicycle maintenance & repair: for road & mountain bikes* by Todd Downs.

If you walk to the library with a spring in your step, and come away with an armful of audio and print books, or DVD's, sturdy cloth tote bags are for sale to support your library services, or optionally, bags at the circulation desk for the jaunt to your next stop.

Perhaps you'll find a craft book to make your own tote; either crocheted, knitted, sewn, woven, or macramé!

Remember macramé? If not, we'll refresh your memory with clear instructions on knots, coiling and twisting hemp to form a bag, belt or plant hanger. Request Step-by-step macramé; a complete introduction to the craft of creative knotting by Mary Walker Phillips.

Do you want to know your BMI [Body mass index] or

calories burned during your excursions? Check out the fitness and exercise databases under the Research menu available on the library website.

Your BMI uses your height and weight to estimate how much fat is on your body. This calculation is a guide to aid in adjusting one's exercise and diet to improve muscle structure. See the Healthfinder.gov or *Consumer Health Complete* link, two of the health sites found under the All Databases A-Z link on our website.

Need something more social, personal, whimsical, project driven? We have it all and if we don't, we'll find it for you, order it for you, deliver it to your neighborhood for you, or deplete every resource and staff member trying!
