We have JD Robb's *Dark in Death* audiobook, Old Crow Medicine Show's *Volunteer* CD, bestselling author Sophie Kinsella's *Surprise Me*, young adult favorite Ellen Hopkins' *People Kill People*, and Terry Lynn Johnson's entry into the *Survivor Diaries* series, *Avalanche!* These and many more titles await your browsing eye.

## Speaking of Books

Our monthly book club returns on September 24 at 4 pm to review *Wonder* by R.J. Palacio, now a major motion picture.

The book that inspired the Choose Kind movement.

*"I won't describe what I look like. Whatever you're thinking, it's probably worse."*

August Pullman was born with a facial difference that, up until now, has prevented him from going to a mainstream school. Starting 5th grade at Beecher Prep, he wants nothing more than to be treated as an ordinary kid—but his new classmates can't get past Auggie's extraordinary face. *Wonder*, now a #1 New York Times bestseller and included on the Texas Bluebonnet Award master list, begins from Auggie's point of view, but soon switches to include his classmates, his sister, her boyfriend, and others. These perspectives converge in a portrait of one community's struggle with empathy, compassion, and acceptance.

'Wonder is the best kids' book of the year,' said Emily Bazelon, senior editor at Slate.com and author of *Sticks and Stones: Defeating the Culture of Bullying and Rediscovering the Power of Character and Empathy*. In a world where bullying among young people is an epidemic, this is a refreshing new narrative full of heart and hope. R.J. Palacio has called her debut novel 'a meditation on kindness' — indeed, every reader will come away with a greater appreciation for the simple courage of friendship. Auggie is a hero to root for, a diamond in the rough who proves that **you can't blend in when you were born to stand out.**"
