"In 1959 Florence Green, a kindhearted widow with a small inheritance, risks everything to open a bookshop — the only bookshop — in the seaside town of Hardborough. By making a success of a business so impractical, she invites the hostility of the town's less prosperous shopkeepers. By daring to enlarge her neighbors' lives, she crosses Mrs. Gamart, the local arts doyenne. Florence's warehouse leaks, her cellar seeps, and the shop is apparently haunted. Only too late does she begin to suspect the truth: a town that lacks a bookshop isn't always a town that wants one." -Amazon

Marion Librarian, the town librarian

Hello All!

The cold winds of February swirl around in the air bringing us the shortest month of the year. However, you get the bonus day for leap year, which means...an extra day for reading!

Winter's brisk chill is always a good time to snuggle in with a good book. You don't even have to leave your cozy home; you can utilize one of our many online resources.

Have you tried hoopla digital? As my nephews Manny and Farris say, "IT'S AWESOME!" You can binge read/watch/listen to all your favorites under the comfort of your favorite blanket— it can even be synced to your TV!

So warm up with your library!
