Won't You Be My Neighbor?

Marion County Public Library (Fairmont)

Friday, April 26 at 1 pm

"Won't You Be My Neighbor?" takes an intimate look at America's favorite neighbor: Mister Fred Rogers. A portrait of a man whom we all think we know, this emotional and moving film takes us beyond the zip-up cardigans and the land of make-believe, and into the heart of a creative genius who inspired generations of children with compassion and limitless imagination." -Rotten Tomatoes

Tell us what you think!

Every five years, the Marion County Public Library System devises a new strategic plan to help guide library decision making.

An important part of our strategic plan is you, the citizens of Marion County!

We want your feedback, so we've created a survey that allows you to let us know what we're doing well, how we can improve, and what

you'd like to see us do in the future! To access the 2019 library survey, please visit mcpls.org or follow this direct link: <http://bit.ly/mcpls19>

Physical copies will also be provided at all of our locations.

We are so grateful for the opportunity to serve Marion County, and to continue to improve and expand our offerings in the years to come!

Instead he takes his two beloved dogs and goes on a last hunt, determined to end his life on his own terms. But as the people he meets and the memories over which he lingers remind him of the mystery of life's endurance, his trek into the American West becomes much more than a final journey. —Amazon

Fiction Addiction is books, food and FUN! If you are interested joining this teen book club, pick up a copy of *Wild Beauty* by Anna-Marie McLemore at the Mannington Public Library and join us April 15 at 3:30 for the book discussion, craft and **FOOD!**

"For nearly a century, the Nomeolvides women have tended the grounds of La Pradera, the lush estate gardens that enchant guests from around the world. They've also hidden a tragic legacy: if they fall in love too deeply, their lovers vanish. But then, after generations of vanishings, a strange boy appears in the gardens. The boy is a mystery to Estrella, the Nomeolvides girl who finds him, and to her family, but he's even more a mystery to himself; he knows nothing more about who he is or where he came from than his first name. As Estrella tries to help Felipe piece together his unknown past, La Pradera leads them to secrets as dangerous as they are magical in this stunning exploration of love, loss, and family."

"The story of how Dr. Mona Hanna-Attisha, alongside a team of researchers, parents, friends, and community leaders, discovered that the children of Flint, Michigan, were being exposed to lead in their tap water—and then battled her own government and a brutal backlash to expose that truth to the world."
